

## **Board of Directors Candidate**

**Hello, I'm Dacia Kelly. I have two children, a 3rd grader and a 6th grader currently attending Georgetown Community School. I moved to Georgetown my freshman year of high school with my parents and graduated from Clear Creek High School in 1999. After finishing my BA in Journalism at Metro, I moved away from the Clear Creek community and enjoyed a successful career in sales and marketing as a professional sommelier in Napa Valley, San Francisco and Las Vegas. I returned to the Clear Creek community in 2020 after a trip back home to visit my parents when I was reminded of how great Clear Creek is and what an amazing place it is to grow up and raise children. I wanted my two kids to be able to enjoy the mountains and experience being part of a small, close knit community.**

**I am interested in running for the Board of Directors because of how positively GCS has impacted both of my children in the relatively short time we've been involved with the school. The small class sizes, personalized education and sense of belonging really resonates with both my kids. I want to serve on the GCS board because I want to continue this work of both educating and supporting the overall needs of GCS's students and staff and continuing the tradition of sending students into 7th grade academically and emotionally prepared for their next phase of their education. In addition, community is very important to me and we have so many very involved community members and businesses in Georgetown. I would like to continue to foster the business and community connections with GCS because this strengthens not only the school, but the community as a whole.**

**Currently I work at Clear Creek High School as the Career Connections Coordinator and am working to complete my MBA at CU Denver. I would appreciate the opportunity to use my skills and sense of community to serve the GCS students, staff and community by joining the Board of Directors.**

## **Board of Directors Candidate**

**Board of Directors Election Voting  
Will Be Held September 7th - 9th.**
