

ELISA M. KLETTER

Georgetown Community School Board of Directors

I have lived in Georgetown since 2007, and currently serve as VP on the GCS board of directors. I'm now seeking a second term on the board.

My first child (Merrell) started Kindergarten at GCS in 2014 and my daughter (Aspen) is currently a fourth-grader who started preschool here in 2016 when she was just 2½! GCS plays a vital role in our community, and it's been an honor to serve on the board these past three years. I'd like to continue my service.

As a parent and a board member, I see first-hand just how critical a role GCS plays in the well-being of our children. As such, I am committed to continuing to work to make GCS the best school experience it can be for our kids – and the community at large.

I firmly believe that the “community” part of our name and mission is a key feature that makes us so special. We're teaching kids that they are a part of something greater than themselves – and that everyone around them has something valuable to contribute to their education. Learning does not simply come from a textbook – it's found in the world around you, and the moments we experience together. Supporting this community component of GCS will always be one of my top priorities, right alongside doing my part to ensure our amazing staff is appreciated and recognized as essential to our success.

The biggest project on the board's docket this year has been our charter renewal, which is due by the end of June. (GCS is a charter school authorized by the Clear Creek School District.) All of our board members have worked hard to ensure our charter gets renewed and with favorable terms to GCS. The process is almost complete, and I'm looking forward to its completion in my second term.

Being on the GCS board of directors has been hard, but rewarding, work. Seeing our children learn, and grow, and mature makes it all worthwhile. I look forward to continuing my work on the board for the betterment of our students, staff, and community.

Thank you for your consideration!
